One box should be checked to indicate how your business is constituted. The sum of the number of full-time and part-time employees should equal the total number of employees. Please note, the application also needs to be accompanied by additional supporting documents: accounts for the last year and a cashflow forecast for the next year.

Section 3: Key Business Financial Information

The key financial information from the last three years should be detailed here. If the business has been operating for fewer than three years, then the details for the years it has been trading should be provided.

Section 4: Project Details

The project cannot have already begun before the application has been submitted and approved. The items for which the grant is sought cannot have already been purchased. **Retrospective funding will not be awarded.** The project end date cannot be later than 30th November 2025. By this date the project must be completed. This includes the time for the completion of the claim form and submission to Cadwyn Clwyd for payment.

The applicant should detail what new products and / or processes would be introduced as a result of this grant. The more innovative a project, the higher it will score in the application appraisal process. The new products and / or processes should be new activities for the business.

The items to be purchased with the grant should be clearly detailed and it should be explained how

these items will allow the business to introduce the new products and/or processes.

In the application form, the business is encouraged to show that without grant assistance the project would not go ahead, would be on a much smaller scale, or would go elsewhere.

Section 5: Outcomes

In this section of the application form, you will be required to state which outcome, a target figure and detail what evidence you will collect for each of the outcomes. The application appraisal group score your application on the number of outcomes. If the application is approved, your Approvals Letter will reflect the numbers / evidence provided. For items less than £2,499, 1 quote is needed; for items more than £2,500 but less than £24,999, 3 quotes are required. Copies of the quotes for each item need to be uploaded with the application form. Figures should exclude VAT if you are VAT registered.

Keep the application and claim process simple by doing the following:

- Do not include staffing / salary costs or any associated staff costs (e.g. mileage, subsistence etc.)
- Do not include trading stock costs or costs for consumables in your application
- No apportioned items
- Pay each invoice separately so that the defrayment can easily be matched up on your bank statement
- Avoid paying for items included in the grant in the same payment as other items for your company (or you will be required to provide invoices and evidence relating to every purchase within that payment)
- Expenditure incurred prior to your application being approved by Cadwyn Clwyd will be rejected and you will not receive 70% of the value of that purchase
- Avoid paying for items on a credit card if you cannot provide full defrayment, we recommend discussing this with the business grants project officer in advance of purchase / claim.

All successful projects must have been completed and claimed no later than 30th November 2025

Please see Appendix A for full details on how to complete a claim form for payment.

Completed application forms are technically appraised by the Project Officer, before going to the Flintshire Tourism Growth Fund Steering Group and Grant Panel. Applications that pass this technical appraisal are considered by the Grant Panel, which decides whether or not to financially support a project.

Decisions on applications will be made based on the information provided in the application form, associated evidence provided and further due diligence checks. Applications are scored on the below criteria for the purposes of ranking applications.

	Criteria	Score

C	Delivery of Outcomes (i.e. jobs created, jobs safeguarded, etc.)	/20
D	Value for money	/20
	TOTAL	/80

Applications require a score of 48 or more to pass the threshold to be considered for approval.

SCORE	CLASSIFICATION

13-16	Very Good – Proposal positively satisfies the criterion, but with minor reservations
9-12	Good – Proposal goes some way to positively satisfying the scoring criterion, but with some reservations
5-8	Weak – Proposal only weakly satisfies the scoring criterion, with reservations, and little evidence provided
1-4	Very Weak – Proposal provides very weak case against the scoring criterion, there are strong reservations and very little evidence is provided

The decision of the Grant Panel is final. If your application is unsuccessful, you will receive an email outlining the reason[s] for rejection. You can speak to a Business Wales adviser to consider alternate forms of finance to support you.

Equalities, Welsh Language & Net Zero

All projects supported by Flintshire Tourism Growth Fund must adhere to the following policies:

Equalities

Cadwyn Clwyd will ensure that a proactive approach is taken to maximising opportunities in terms of the contribution of the project to each of the protected characteristic groups as set out in the Equality Act 2010. Consideration of the potential effects and impacts of the project actions on the protected characteristic groups will therefore be a key consideration for the project steering group in its role of approving key fund applications.

Flintshire Tourism Growth Fund applicants should consider and implement where appropriate the tailoring of project funded actions to accommodate the access needs of protected characteristic groups; develop monitoring processes which include specific equality assessment; actively engage with equality organisations and groups representing those with protected characteristics to ensure that the benefits of the project investment are maximised for those groups.

Welsh Language

Cadwyn Clwyd will communicate and promote the project, the grants awarded and its outcome in both Welsh and English in line with Cadwyn Clwyd’s Welsh Language Policy. Grant recipients are encouraged to use the Welsh in their grant funded project and their wider business activities.

The applicant should embrace the clean growth principle and will directly contribute towards the UK's legal commitment to cut greenhouse gas emissions to net zero by 2050.

To support green growth, all applicants will be required to consider how their projects can work with the natural environment to achieve their project objectives, and – at a minimum – consider the projects impact on our natural assets and nature.

- Invoices should be for 100% costs in the grant claim and not split or apportioned across other budgets within your business / organisation.
- Please note Cadwyn Clwyd will pay the approved intervention rate (70%) on the claim. If The Applicant claims less than the approved amount, then Cadwyn Clwyd will pay 70% of the claimed amount not 70% of the approved amount.
- Original invoices and bank statements will need to be retained by the Applicant business / organisation for a period of ten years from the date on which the funding period ends (currently until at least 31st December 2035), or until Cadwyn Clwyd advises that they can be disposed of. This is to ensure that the original invoices are available to be viewed by auditors where required and to comply with grant document retention requirements.
- Only submit a single claim to Cadwyn Clwyd where possible and if your cash-flow allows. (Please discuss with the Business Grants Project Officer if this is not possible.)
