1. What is Prosperous Denbighshire?

Prosperous Denbighshire has received an additional tranche of funding for the 2025/26 financial year. This will be funded by the UK Government through the Shared Prosperity Fund (UKSPF), which will provide an additional £42,416,709 of funding for local investment across North Wales for the financial year 2025/26. The UKSPF aims to achieve this through three investment priorities: 1) Communities & Place; 2) Supporting Local Businesses; 3) People & Skills.

The illustration below sets out how the new themes (and sub-themes) under the 2025-26 SPF relate to the priorities under the previous SPF. The illustration also set out the themes and sub-themes link to the 5 missions by the UK Government.

Completed application forms are technically appraised by Business Wales, before going to the Prosperous Denbighshire Steering Group and Grant Panel. Applications that pass this technical appraisal are considered by the Grant Panel, which decides whether or not to financially support a project.

Decisions on applications will be made based on the information provided in the application form, associated evidence provided and further due diligence checks. Applications are scored on the below criteria for the purposes of ranking applications.

C	Delivery of Outcomes (i.e. jobs created, jobs safeguarded, etc.)	/20
D	Value for money	/20
	TOTAL	/80

Applications require a score of 48 or more to pass the threshold to be considered for approval

SCORE	CLASSIFICATION
17-20	Excellent – Proposal strongly and positively satisfies the criterion with a good level of substantiating information provided
13-16	Very Good – Proposal positively satisfies the criterion, but with minor reservations
9-12	Good – Proposal goes some way to positively satisfying the scoring criterion, but with some reservations
5-8	Weak – Proposal only weakly satisfies the scoring criterion, with reservations, and little evidence provided
1-4	Very Weak – Proposal provides very weak case against the scoring criterion, there are strong reservations and very little evidence is provided
0	Poor – Proposal does not satisfactorily address the scoring criterion in any way

The decision of the Grant Panel is final. If your application is unsuccessful, you will receive an email outlining the reason[s] for rejection. You can speak to a Business Wales adviser to consider alternate forms of finance to support you.

Equalities, Welsh Language & Net Zero

All projects supported by Prosperous Denbighshire grants must adhere to the following policies:

Equalities

Cadwyn Clwyd will ensure that a proactive approach is taken to maximising opportunities in terms of the contribution of the project to each of the protected characteristic groups as set out in the Equality Act 2010. Consideration of the potential effects and impacts of the project actions on the protected characteristic groups will therefore be a key consideration for the project steering group in its role of approving key fund applications.

Prosperous Denbighshire applicants should consider and implement where appropriate the tailoring of project funded actions to accommodate the access needs of protected characteristic groups; develop monitoring processes which include specific equality assessment; actively engage with equality organisations and groups representing those with protected characteristics to ensure that the benefits of the project investment is maximised for those groups.

Welsh Language

Cadwyn Clwyd will communicate and promote the project, the grants awarded and its outcome in both Welsh and English in line with Cadwyn Clwyd’s Welsh Language Policy. Grant recipients are

encouraged to use the Welsh in their grant funded project and their wider business activities. Support is available on [Helo Blod | Helo Blod \(gov.wales\)](#). Helo Blod is a Welsh Government funded business support tool that provides a free-of-charge translation and advice service to help you use more Welsh in your business.

Net Zero

Prosperous Denbighshire applicants should consider the UK and Welsh Governments focus on contributing to net zero objectives and wider environmental considerations. Interventions will be based on low or zero carbon best practice, adopt and support innovative clean tech where possible and support the growing skills and supply chains in support of net zero where possible. The applicant should embrace the clean growth principle and will directly contribute towards the UK's legal commitment to cut greenhouse gas emissions to net zero by 2050.

To support green growth, all applicants will be required to consider how their projects can work with the natural environment to achieve their project objectives, and – at a minimum – consider the projects impact on our natural assets and nature.

Asset Register

Cadwyn Clwyd shall keep a register of all Assets acquired or improved at a cost exceeding £5,000 (five thousand pounds) wholly or partly using the grant funding. The Assets should be kept by the enterprise for the Asset Owning Period. Where the project uses any of the grant funding to develop, improve or purchase any Assets, the enterprise must ensure that the Assets are maintained in good condition over the Asset Owning Period. The enterprise must ensure that during the Asset Owning Period any assets that have been totally or partly bought, restored, conserved (maintained or protected from damage) or improved with the grant funding are not disposed of without the prior written consent of Cadwyn Clwyd. Disposal means the disposal, sale, transfer of an asset or any interest in any asset and includes any contract for disposal and dispose and disposed shall be construed accordingly. If Cadwyn Clwyd grants consent to the Disposal, such consent may be subject to satisfaction of certain conditions, to be determined by the Secretary of State, including repayment of part or all of the grant funding by the enterprise. If the enterprise Dispose of Assets without Cadwyn Clwyd's permission the full value of the grant funding spent on that Asset is payable to Cadwyn Clwyd. The enterprise shall ensure that the owner of any Asset does not create any charge, legal mortgage, debenture or lien over any Asset without the prior written consent from Cadwyn Clwyd.

Appendix A

Completing a Claim Form for Payment

To receive payment, Applicants who have received an Award Letter for an approved Prosperous Denbighshire application must complete the Cadwyn Clwyd claim process via the online grants platform, Submit. The Applicant can complete a claim form once they have paid for/defrayed all items in their grant application.

If required Cadwyn Clwyd can split payments into a maximum of two claims, with the final claim being submitted by the [30th November 2025](#) deadline.

The Applicant will need to be aware of the following requirements when claiming from Cadwyn Clwyd:

- VAT (Value Added Tax): It is only irrecoverable VAT that can be claimed via these grant funds. If the Applicant organisation is able to recover VAT from HMRC, then they would not be able to include this in their claim to Cadwyn Clwyd and all costs claimed must be net of VAT. However, if the Applicant organisation cannot recover VAT, they will be able to reclaim this from Cadwyn Clwyd, but they will need to provide a formal statement explaining why their organisation cannot recover VAT.
- Invoices should be for 100% costs in the grant claim and not split or apportioned across other budgets within your business / organisation.
- Please note Cadwyn Clwyd will pay the approved intervention rate (70%) on the claim. If The Applicant claims less than the approved amount, then Cadwyn Clwyd will pay 70% of the claimed amount not 70% of the approved amount.
- Original invoices and bank statements will need to be retained by the Applicant business / organisation for a period of ten years from the date on which the funding period ends (currently until at least 31 December 2034), or until Cadwyn Clwyd advises that they can be disposed of. This is to ensure that the original invoices are available to be viewed by auditors where required and to comply with grant document retention requirements.
- Only submit a single claim to Cadwyn Clwyd where possible and if your cashflow allows. (Please discuss with the Business Grants Project Officer if this is not possible.)

Evidence requirements when submitting a claim:

For each item purchased via the Prosperous Denbighshire grant please provide the following:

1. **Copy of Paid Invoice(s):** showing 100% of the cost of the item being claimed. The invoice must be made out to your business or organisation. Invoices will be checked to verify they are in line with the approved project application. Cadwyn Clwyd will not consider items in your claim that are not listed in your approved application. Please ensure the whole document has been copied and sections are not missing. If you have ordered items not being paid for with the grant, strike them through. Order confirmations and / or delivery notes are not classed as invoices; this is a common error particularly when online purchases have been made.
 2. **Bank Statement(s):** to prove that the Applicant business / organisation has paid for the item / cost being claimed (defrayment). The name of the Applicant business / organisation, account number and sort code must be clearly visible. Online statements and mobile banking apps screenshots are acceptable but if this does not show name of the Applicant business / organisation please also submit one copy of a bank statement so we can evidence the name of the account. Transactions not relating to the grant can be hidden / covered as well as any bank balances on the statements not pertaining to your claim.
 3. **Evidence of items purchased:** provide a photograph of the item purchased via the grant. If the item purchased cannot be photographed, then please provide other suitable evidence. If an item purchased has a serial number this should also be provided. The Business Grants Project Officer can give advice about what is suitable evidence if required.
 4. **SPF Outcomes Achieved:** you will be required to evidence which of the UKSPF outcomes your grant has fulfilled i.e. jobs created, jobs safeguarded, number of enterprises adopting new or improved products or services, number of enterprises adopting new to firm technologies or process, and number of enterprises with improved productivity, as a result of the support provided. The Business Grants Project Officer can give advice about what is suitable evidence if required.
 5. **Monitoring & Evaluation Questionnaire:** you will be required to complete a short questionnaire to assist Cadwyn Clwyd in its reporting to the Lead Authority & the UK Government.
- All documents provided to support your claim must be clearly legible.
- If possible, clearly identify payments on your bank statements (e.g. highlighting relevant amount) and reference documents so that they can easily be identified to each item claimed / transaction.

Procurement Evidence: Quotations do not need to be provided with the claim form because they have already been provided at the grant application stage. All transactions you include in your claim should be the lowest priced quotation of the item as detailed in your grant application.

Please note: A sample check of items purchased may be required prior to payment of grant claim. The sample check will be required to take place at the business address stated on the application form.

All successful projects must have been completed and claimed no later than 30th November 2025
